

Board Names Three New Trustees

Cochran

Lunding

Poynter

Three distinguished Americans were elected to the University's Board of Trustees in December: Jacqueline Cochran, world-renowned aviatrix of Indio, Calif.; Franklin J. Lunding, Chairman

of the Board of Jewel Tea Co., Inc., Chicago; and Nelson Poynter, Editor and owner of the St. Petersburg, Fla., *Times* and Editor-Publisher of the *Congressional Quarterly*.

Miss Cochran holds many aviation speed records for both jet and reciprocating aircraft, and has been awarded more medals, citations, and honors than any other woman flyer in the world. She is at the same time a successful business woman, and on two occasions has been chosen Woman of the Year for Business by the Associated Press. She is the head of a large cosmetic manufacturing firm. Her husband, Floyd B. Odum, operates a large fruit ranch in California.

Miss Cochran holds all important world speed records for reciprocating aircraft (such World War II planes as the Mustang and Thunderbolt). She is the only woman who, flying solo, has won first prize in the Bendix Transcontinental Trophy races, and she was the first woman to fly faster than sound. She is the only woman civilian awarded the Distinguished Service Medal.

Mr. Lunding was graduated from The George Washington University

Law School in 1929. He joined Jewel Tea in 1931 as General Counsel, and later, as Assistant to the President, he took charge of food store operations. He became President of Jewel Tea in 1942, Chairman of the Executive Committee in 1951, and Chairman of the Board in 1954. He is a member of the board of directors of U.S. Steel Corporation; Illinois Bell Telephone Company of Chicago; Thomas Industries, Inc. of Louisville; and Supermarches, G. B. (Antwerp) and Super Bazaars (Auderghem) of Belgium.

A former chairman of the Federal Reserve Bank of Chicago, Mr. Lunding is a Trustee of the Committee for Economic Development, and is President of Crusade of Mercy, Inc., Chicago.

Mr. Poynter received his A.B. degree from Indiana University in 1924, and his A.M. degree from Yale University in 1927. He served as Reporter, Business Manager and Editor in the Scripps-Howard newspaper chain, and as News Editor of the *Japan Times* in Tokyo, before becoming Editor and co-owner of the *St. Petersburg Times* in 1938. In 1943, he and his wife founded *Congressional Quarterly Publications* in Washington, D.C.

Mr. Poynter is a member of International Press Institute, Phi Gamma Delta, and Sigma Delta Chi. He is the author of *Post War Jobs*.

"The addition of trustees from California, Illinois, and Florida to our board is made in particular recognition of the increasing national and international outlook of the University," said President Thomas H. Carroll.

Universities and colleges are non-profit institutions. Individuals are given charitable deductions of up to 30 per cent of adjusted gross income for the year in which the gift is made.

For more information relating to the many methods of giving to your University, write the Development Division of The George Washington University, 2000 H Street, N.W., Washington 6, D. C.

European Common Market Conference in April

A Conference on Problems of Doing Business Within the European Common Market will be conducted by the National Law Center of the University on April 8 and 9, 1963. Co-sponsor of the conference will be Commerce Clearing House, Inc., lawbook publisher, Chicago, Ill.

Four panel sessions are planned: Establishing a Business with the Common Market; Taxes (both European and American); Patents and Industrial Property; and Antitrust and Restrictive Business Practices. Leading experts from Europe and the United States will participate.

The conference will be directed toward providing practical, up-to-date information about, and insights into, those details of the European Common Market of greatest interest to American businessmen and their attorneys.

The conference sessions will be held in Lisner Auditorium. A banquet and reception for those attending is planned for the evening of April 8.

Conference director is Professor Arthur S. Miller of the Law Center. Initial inquiries should be directed to the European Common Market Conference at the National Law Center.

Jarman Named President of Pikeville College

Jarman

Burnice H. Jarman, Professor of Education at the University since 1947, was named President of Pikeville College, Pikeville, Ky., effective February 1.

Dr. Jarman joined the University faculty in 1939. He taught courses in the history and philosophy of education, and also held a number of administrative posts:

(Continued on page 2)

What's New in Your University . . .

Six doctoral candidates at the University will participate next fall in the National Aeronautics and Space Administration's program of graduate training grants for students in space-oriented graduate study and research. The University is one of eighty-eight educational institutions who were awarded grants for the coming academic year. Students in the program will receive a stipend of \$2,400 for 12 months of training, plus an additional allowance for dependents of up to \$1,000 per year.

A \$145,000 grant from the Ford Foundation was made in December to the University's Institute of Sino-Soviet Studies. The grant will be used over a three-year period to provide for a visiting professor on Communist theory, research assistants, and additional fellowships for candidates for the Master's degree.

A new program in elementary teacher education at the University will begin in August. The program was made possible by a \$335,000 grant from the Ford Foundation to cover a six-year period. It is designed to prepare outstanding graduates of accredited liberal arts colleges for teaching in elementary schools through an intensive "fifth year" of training. Students selected for the program will take 30 semester hours of course work, and provide a semester of internship teaching in cooperating schools in the greater Washington area. Director of the program will be Robert E. Baker, Assistant Professor of Education; Martha N. Rashid, Associate Professor of Education, will be Associate Director.

The University's Chemistry Department has received a grant of \$5,000 from the Dupont Company, to be used to advance the instruction of and to stimulate interest in chemistry.

An overflow audience of students, faculty, alumni, and friends of the University witnessed *An American Pageant of the Arts*, the closed-circuit, nationwide telecast benefit for the National Cultural Center at Lisner Auditorium on November 29. Proceeds provided \$2,614.87 as a University contribution to the Cultural Center.

A reunion of the University's Navy graduate financial classes was held at a luncheon at Fort Myer in November. Representatives of every class since 1952 were present.

Colclough Honored

The Vice Admiral Oswald S. Colclough Award has been established at the United States Naval Justice School, Newport, R. I. The Award honors Admiral Colclough, USN (Ret.), Provost and Dean of Faculties of the University, for his long association with military justice and the Naval Justice School. It will be presented at each graduation of the School to the honor graduate among the enlisted members of the class.

Former Assistant Secretary of the Navy Richard Jackson, Vice President and General Counsel of the Farm Corporation, Providence, R. I., who established the Award, made the first presentation in December to Y3c David L. Erickson, of Ceylon, Minn.

Admiral Colclough was Judge Advocate General of the Navy when the Naval Justice School was established in 1946.

Dean Mason Named Distinguished Engineer Alumnus for 1963

Dean Martin A. Mason of the University's School of Engineering and Applied Science was named "Distinguished Engineer Alumnus" for 1963 by the Engineer Alumni Association. As the recipient, Dean Mason delivered the annual Frank A. Howard Lecture during Engineering Homecoming, Tuesday, February 19, at Lisner Auditorium. His subject was "Some Things Old—Some Things New."

Jarman (from page 1)

Director of Religious Activities, 1944-1947; Registrar and Secretary of the Faculties, 1945-1950; Assistant to the President, 1950-1951; and Dean of the Summer Sessions, 1955-1960.

From 1960 to 1962, Dr. Jarman served as Chief Advisor on Higher Education to the Ministry of Education of the national government of Korea, under the sponsorship of the United States Department of State. His contributions to Korean education earned him citations of appreciation from the Republic of Korea's Ministry of Education and the Seoul National University. Ewha Women's University conferred upon him the honorary degree of Doctor of Letters in 1961.

Dr. Jarman is a graduate of West Chester (Pa.) State College, and holds Master of Arts and Doctor of Education degrees from George Washington. He also taught at St. Albans School and was for four years Director of Instruction in Arlington County (Va.) Schools.

GAA Names Full-time Staff Assistant

The Governing Board of the General Alumni Association decided at its December meeting to employ a full-time staff assistant to meet the expanding needs of the Association and its committees. The appointment of a person with administrative ability to this position makes it possible for committees to get immediate and expanded service. Moreover, the Governing Board will be able to direct more closely committee chairman and members to insure completion of projects and assignments.

Dorothy Brewer, AB 57, AM 59, who has been a member of the Alumni staff and Associate in Secretarial Studies for the University for the past two and one-half years, has been named to the new position of Staff Assistant, effective February 1. Miss Brewer's administrative experience covers over ten years of active duty in the United States Navy. As Lieutenant Commander with an assignment as Planning and Coordination Officer with the Office of Naval Material in Washington, she served on the staff for the 1953 reorganization of the Navy, receiving a letter of commendation for this work from the Secretary of the Navy.

Administrative responsibility will be vested in the Director of Alumni Relations to insure full coordination with the work of the Alumni Office.

This new step by the Association should enable the standing committees to function effectively and greatly strengthen the Association's support of the University.

Columbia Women Hear Sen. Smith

The University's Columbian Women met in January to hear Senator Margaret Chase Smith discuss Space—its dimensions, its importance in our national future, and the necessity for the United States to continue its leadership in space exploration. More than a hundred members were present to welcome Senator Smith, who received an honorary degree from the University in 1958.

Columbian Women will meet again on February 28 at Lisner Auditorium for a coffee and business meeting at 7:30 and a concert at 8:30 by the University Symphony Orchestra, under the direction of Associate Professor George Steiner. On March 16, Mrs. Arthur J. Goldberg, wife of the Associate Justice, will address the group at a 12:30 luncheon at the National Lawyers' Club.

Alumni Win \$3,300 on ABC-TV's "Alumni Fun"

The University Alumni Fund is richer by \$3,300 through the efforts of three prominent alumni who participated in the first two programs of ABC-TV's new Sunday series, "Alumni Fun," on which alumni of two universities compete for funds for their alma maters.

Eva B. Adams, LL.M. 52, Director of the United States Mint; Edward W. LeBaron, Jr., LL.B. 59, attorney for the Dallas, Tex., firm of Wynne, McKenzie, Jaffe and Tinsley and Dallas Cowboy quarterback; and Jacob Rosenthal, AB (wd) 28, AM 29, President of Peerless Advertising Agency and Vice President and Director of Advertising and Marketing for Chock Full O'Nuts Corporation, represented the University in competition against Tulane University on the January 20 telecast, winning over the Tulane team of Howard K. Smith, of the ABC Television Network; Hamilton Richardson, Dallas investment broker and tennis star; and Charles W. Dufour, Civil War historian and columnist for the New Orleans *Times-Picayune*.

The same George Washington team tied a University of Texas team the following Sunday, but lost the right to compete for a third Sunday by a toss of the coin—a newly-minted silver dollar furnished by Miss Adams. The University of Texas was represented by former Governor Allan Shivers; C. R. Smith, President of American Airlines; and Rip Torn, actor now starring in the New York revival of Eugene O'Neill's *Desire Under the Elms*.

Elmer L. Kayser, University Historian, accompanied the team on its first appearance, and University President Thomas H. Carroll and Chairman of the Board Newell W. Ellison were present for the second show. General A. C. McAuliffe, Vice President of American Cyanamid, sponsor of the series, was host to representatives of the competing universities. Lillian Brown, Director of Radio and Television at the University, served as coordinator for the University and the ABC network.

The American Alumni Council is cooperating with ABC and American Cyanamid in producing the new series, in an effort to stimulate interest on the part of college alumni throughout the country in supporting higher education.

University officials and team members of the TV show "Alumni Fun" posed for this picture before the second program in the series: Seated, left to right, team members Jacob Rosenthal; Eva B. Adams; and Edward W. LeBaron, Jr. Standing, left to right, University Board Chairman Newell W. Ellison; Lillian Brown, Director of Radio and Television of the University; and University President Thomas H. Carroll.

More Students Than Ever

On-campus fall registration largest since 1950; full-time student body increases 11 per cent over last year; number of students from outside the Washington area increases by 5 per cent

On-campus registration for the Fall Semester 1962-1963 was the largest registration since the Fall of 1950. A total of 10,193 students (7,000 men and 3,193 women) registered on-campus—4,228 undergraduates, 3,854 graduates, and 2,111 non-degree students.

Total registration increased 6 per cent over last year. Even more significant is the increase of 11 per cent in the full-time student body. Full-time undergraduate enrollment increased by 13 per cent, and full-time graduate enrollment increased by 9 per cent. In two years time the full-time enrollment has increased from 3,450 (34 per cent) in 1960 to 4,046 (40 per cent). This represents a net increase of 596 full-time students (17 per cent) in two years.

Of the 4,228 undergraduates, both full-time and part-time, 66 per cent (2,811) are full-time and 34 per cent (1,417) are part-time. There are 1,531 men and 1,280 women who are full-time undergraduates.

Approximately 700 new freshmen registered in addition to 575 undergraduate transfer students. Most of these transfer students are sophomores and juniors, although some are second semester freshmen and first semester seniors. An increasing number of our undergraduates are coming from outside of the greater District of Columbia metropolitan area (D.C., Va., Md.). Last year 58 per cent were from outside of this area compared to 63 per cent this year.

Students are registered from all 50 states, the District of Columbia, the Canal Zone, Puerto Rico, the Virgin Islands, and 81 foreign countries. The number of foreign students increased from 266 students from 65 countries in 1960 to 418 foreign students from 81 countries. The fourteen top states in terms of number of students registered are as follows (in descending order): Virginia, District of Columbia, Maryland, New York, Pennsylvania, New Jersey, California, Massachusetts, Ohio, Illinois, Florida, Texas, Michigan, and Connecticut.

Of the total on-campus students, 44 per cent are married. 51 per cent of the men are married and 27 per cent of the women. Broken down by undergraduate, graduate, and non-degree students, married students represent 22 per cent of the undergraduate students, 63 per cent of the graduate students, and 51 per cent of the non-degree students.

In addition to the 10,193 students registered on-campus, 5,700 students are registered in the College of General Studies (off-campus division) as of this date. The combined total is the largest number of students ever registered in any semester in the history of the University.

Two Morio Claro dolls were presented to University President Thomas H. Carroll recently on behalf of the University's Philippine Alumni Association. Moria Claro, the model of Philippine womanhood, was a fictional character in two 19th century novels by Rose Rizol, Philippine national hero. She has since become part of the national and cultural tradition of the Philippines. The dolls are made of multi-colored Philippine sea shells—pink, yellow, brown, orange, and black. Presenting the dolls on behalf of the alumni group was Jose F. Imperial, Deputy Chief of Mission of the Philippine Embassy in the United States, accompanied by Manuel A. Viray and Nicosio G. Valderromo, AB 57, of the Philippine Embassy staff. Left to right: Mr. Viray, Dr. Imperial, President Carroll, and Mr. Valderromo.

Kurt London, Professor of International Affairs and Director of the Institute for Sino-Soviet Studies, *The Permanent Crisis*, New York: Walker and Company, 1962 "... an attempt to focus attention on the far-reaching changes in the character and substance of world politics and to suggest reasons which have contributed to these changes." Dr. London suggests that the West has experienced difficulty in meeting the challenge of Communism because we of the West have failed to see that "old-fashioned nationalism and power politics no longer are the nub of political reasoning."

Arthur S. Miller, Professor of Law, "The Changing Role of the United States Supreme Court," *Modern Law Review*, November, 1962; "The Adequacy of International Law in Meeting the Challenges of the Present Era," *Howard Law Journal*, Spring, 1962.

James N. Mosel, Associate Professor of Psychology, is the translator of three modern Thai poetical works in the *Beloit Poetry Journal*, December, 1962. He has also been named Editor of a forthcoming anthology of Thai poetry by the Asia Society. Professor Mosel has published a number of Thai translations during the past four years, including *Trends and Structure in Contemporary Thai Verse*, Cornell University Southeast Asia Monograph, 1961: *A Survey of Classical Thai Poetry*, Bangkok, 1959; and "The Verse Editorial in Thai Journalism," *Journalism Quarterly*, Winter 1962.

John Polanskey, Jr., AB 58, AM 62, "What is a Mobilization Designee?" *The Army Reservist*, December, 1962.

Benjamin D. Van Evera, Dean for Sponsored Research, "Universities, Research and Security," *Industrial Security*, January, 1963.

Barker to Receive Kettering Award

Barker

Dr. Joseph W. Barker, former Dean of Engineering at Columbia University, will receive the Kettering Award for the year 1962.

The award is presented annually by The George Washington University's Patent, Trademark, and Copyright Foundation for outstanding work in the field of patents, trademarks, copyrights, and related areas. It will be presented to Dr. Barker on June 20th at the Seventh Annual Public Conference of the Foundation at the Mayflower Hotel in Washington.

Both Dr. Barker and the late Dr. Charles F. Kettering, in whose honor the award is named, were among the six national leaders in research who were named honorary members of the Foundation at its inception.

Dr. Barker was Dean of Engineering at Columbia University from 1930 to 1946. During that period, he was on leave for five years while serving as a special assistant to the Secretary of Navy, where he was charged with policy decisions on all education and training activities. He was awarded the Navy Distinguished Civilian Service Award. He became President of Research Corporation upon his resignation from Columbia. He was Chairman of the Board from 1946 to 1959, and is now on the Board of Directors.

Dr. Barker received his B.S. and M.S. degrees at Massachusetts Institute of Technology, and holds honorary degrees from six other educational institutions.

President Carroll Addresses Northern California Alumni

University President Thomas H. Carroll concluded a cross-country tour of research units of the University's Human Resources Research Office at Fort Knox, Ky., Fort Bliss, Tex., and the Presidio of Monterey, Calif., with an address to a meeting of Northern California alumni in San Francisco. Dr. Angelo M. May, President of the Northern California Alumni, hosted the dinner meeting on December 21. President Carroll was accompanied on his tour by Benjamin D. Van Evera, Dean for Sponsored Research, and HumRRO Director Meredith P. Crawford.

Research

Research projects undertaken recently at the University include the following:

"Investigation Program on Explosive Ordnance Disposal Render Safe and Demolition Procedures," under a grant of \$25,000 from the Navy Department's Bureau of Weapons. Principal Investigator, Ralph Phillips, Senior Staff Scientist.

"Studies in the Theory of a Dislocated Continuum," under a grant of \$18,178 from the United States Air Force. Principal Investigator, Galip L. Arkilic, Associate Professor of Applied Science.

"A Study of the Role of Changing Regional Patterns of Research and Development and Science-based Technology in Influencing Regional Development," under a one-year contract of \$48,764 with the National Science Foundation. Principal Investigator, Charles T. Stewart, Jr., Research Professor of Economics.

"An Exploratory Study for a National Inventory of Wealth," under a grant of \$90,000 from the Ford Foundation. Principal Investigator, John W. Kendrick, Professor of Economics.

"Response of Malignant Cells to Light," under a grant of \$5,000 from the Damon Runyon Memorial Fund. Principal Investigator, Ariel C. Hollinshead, Assistant Research Professor of Medicine (Pharmacology).

"The Effectiveness of Chymotrypsin as an Agent to Decrease Sputum Viscosity," under a grant of \$1,500 from the Burroughs Wellcome Co., Inc. Principal Investigator, Harold M. Silver, Assistant Clinical Professor of Medicine.

A "Research Career Development Award" of \$13,722 for the first year of an anticipated five-year program has been granted by the United States Public Health Service to support research by J. Martyn Bailey, Associate Professor of Biochemistry.

A National Science Foundation grant of \$8,400 will support an undergraduate science education program under the direction of Richard D. Walk, Associate Professor of Psychology.

The NEWSLETTER is published in the interest of The George Washington University and its alumni.

General Alumni Association

Stanley J. Tracy
Director of Alumni Relations

John S. Toomey, Editor Washington 6, D. C.

Faculty Notes

HONORS . . . Frederick M. Feiker, Professor Emeritus of Engineering Administration and former Dean of the School of Engineering, was awarded a citation and gold pin in December by the American Society of Mechanical Engineers in recognition of "his contributions to the Society over a period of 50 years." . . . **Preston A. McLendon**, Professor Emeritus of Pediatrics, was presented with a certificate of meritorious public service by District of Columbia Commissioner Walter N. Tobriner in January in recognition of his "distinguished service in many capacities to the District." . . . **Joseph H. Ott**, Studio Lecturer in Applied Music, Piano, was recently awarded First Prize in the first City of Trieste International Competition for Musical Compositions, Trieste, Italy. The prize of two million lire (approximately \$3,200) was awarded to Mr. Ott over 56 other contestants from all over the world for his composition, *Premise for Orchestra*. The City of Trieste has rights to the first performance of this work, to be presented this year. Mr. Ott began teaching piano at the University last year, but has served as Music Director for the University's Dance Production Groups since 1959, and has composed several works for this student group.

ELECTIONS . . . Oswald S. Colclough, Provost and Dean of Faculties, was re-elected Chairman of the Board of the Washington Center for Metropolitan Studies in December. . . . **Charles W. Cole**, Professor of American Literature and Dean of the Summer Sessions, was elected Secretary of the Association of Summer Session Deans and Directors in October. . . . **W. Dabney Jarman**, Associate Clinical Professor of Urology, was elected President of the American Urological Association in November. . . . **Martin A. Mason**, Dean of the School of Engineering and Applied Science, was recently elected Vice-president of the Washington Society of Engineers. . . . **Helen Bates Yakobson**, Associate Professor of Russian and Chairman of the Department of Slavic Languages and Literatures, was re-elected President of the American Association of Teachers of Slavic and East European Languages in December.

APPOINTMENTS . . . University President Thomas H. Carroll was

named Chairman of the 1962 Maryland-District of Columbia Rhodes Scholarship Committee of Selection. President Carroll also served as a judge for awards from the Academy of Management for the five best books on management of 1961-1962. . . . **Lillian Brown**, Director of Radio and Television, has been named Co-chairman of the Library and Museum Committee of the National Academy of Television Arts and Sciences. . . . **Clifford D. Ferris**, Associate Professor of Applied Science, has been named a member of the Editorial Board of the new *Journal of the Electronics Division of the American Society for Quality Control*. . . . **William F. Enos**, Assistant Clinical Professor of Pathology, was recently named President of the Fairfax County Unit of the American Cancer Society. . . . **Howard C. Pierpont**, Associate Professor of Surgery, has been named Chairman of the Doctors' Division of the 1963 Heart Fund of the Washington Heart Association. . . . **Seymour Alpert**, Professor of Anesthesiology, has been named General Chairman of the United Jewish Appeal of Greater Washington, Inc.

ADDRESSES . . . Robert G. Dixon, Jr., Professor of Law, will speak on "The States in the Federal System: Baker v. Carr," at the conference of the American Society for Legal History at the College of William and Mary, March 23. Professor Dixon will also give a paper on "Reapportionment: Constitutional Standards and Judicial Remedies," at a Conference on the Preparation of an Apportionment Case at Notre Dame University Law School on April 20.

Dr. Clayton B. Ethridge, left, Professor of Medicine and Director of Postgraduate Medical Education at the University, received the Award of Merit for distinguished service to the American Heart Association in December. Presenting the award was Dr. James V. Warren, right, President of the association.

Colonial Sports

As expected, Coach Bill Reinhart's predominantly youthful basketball team was off to a slow start (5-10 after 15 games) but as the *Newsletter* goes to press must be envisioned as one of the seeded teams of the Southern Conference Tournament at Richmond, February 28—March 2.

Unsurprising were the statistics which showed two sophomores, Kenny Legins and Mark Clark, as GW's leading scorers midway of the season. Both had double-figure averages, along with junior Mike Checkan.

Rounding out the starting five have been Don Ardell, the only senior, and Joe Adamitis, 6-8 center. However, GW's bench strength is at its strongest in years, with Phil Aruscavage, Ric Duques, Eddie Farrell, Gary Holloman, and Joe Mullan all capable of filling in.

A defending championship tennis team and a potential contender for the Southern Conference baseball title induce smiles around the campus when spring sports are mentioned.

SPRING SPORTS

BASEBALL

23	Georgetown	Here
26	Villanova	There
May 2	Washington and Lee	Here
7, 8	Southern Conference Tournament	

With the exception of its number one player, Buddy Goeltz, who is no longer in school, the Colonial tennis team will be the same as the one which lost only two of 13 dual matches last year and won both the Cherry Blossom and Southern Conference tournaments. Bill Shreve, who has been coaching GW net teams since 1947, has five of his six regular singles players back, plus a promising sophomore. Of those returning, Alan Green won all 13 of his matches last year, while Mark Sherry took 11 of 12. Harvey Harrison, who played number two last year but defeated Goeltz in mid-summer, and Steve Kahn had 9-4 records.

GW will play host to the Southern Conference Tennis Tournament at the 16th and Kennedy Street courts on May 6, 7, and 8, and will co-host, with Georgetown, the annual Cherry Blossom Tournament on the Hilltop courts on March 28, 29, and 30.

Coach Bill Reinhart is regarding the baseball season with as much relish as Shreve, with eight lettermen returning and a dozen sophomores who compiled a 14-2-1 record as freshmen. He has two pitching aces in Johnny Papanicolas and Neil Hausig, both clever southpaws, and a big right-hander in Merv "Bearcat" Holland, a footballer who led the team in batting in '62.

Once again, GW's "home" baseball games will be played on the west diamond of the ellipse.

1913 Alumni

The General Alumni Association would appreciate information concerning these members of the class of 1913:

Charles Willis Barker, Isaac Maurice Bortman, John Alexander Bowman, Omar Bailey Buchanan, Claude Durfee, Nathan Eisenstein, George Henry Gellette, Walter Edgar Hancock.

Charles Albert Johnson, Edwin Eugene Judd, Mary Katharine Kerby, Rex Emir Kinsell, Theodore Tilton Kirk, Raphael S. Klein, Robert Bacon Krogstad, Alfred Briscoe Lindsay, John Very MacDonald.

Francis Edwin Marvin, William Lester Morrison, Harry Fox Roller, Breckenridge Cabell Rust, Meta Schmidt, Clara Stoll, Mary Josephine White, Dr. Edward Williams.

If any classmates, friends, or relatives know the present address for any of the above-named alumni, they are requested to notify the George Washington University Alumni Office, 2000 H Street, N.W., Washington 6, D.C.

Lettermen's Club Marks Tenth Year

The George Washington University Alumni Lettermen's Club is now observing its tenth year of existence.

The Club, founded in 1950 by nine Charter Members, was organized to bring together on a social level former lettermen of all sports; to renew acquaintances and to promote fellowship; to encourage higher ideals of intercollegiate athletics at The George Washington University; and, when requested, to assist the University in matters pertaining to athletics. The only requirement for membership is that a person must have earned his letter or numeral as an athlete in a University sport.

Many projects have been conducted over the years by the Club, and its attention is now focused on an Athletic Scholarship Fund and its Hall of Fame.

Social attractions have included such affairs as stag parties; golf outings; dances; sports nights; banquets; and special projects. All have served as a means of maintaining old friendships and creating a spirit of helpfulness to the University which has done so much for the athletes of the past.

The membership goal for the present 1962-63 year is 200 members. Dues for local Lettermen are \$7.50 per year—for out-of-towners, \$5.00. A portion of these annual dues is applied to the Athletic Scholarship Fund. Those persons eligible may send checks, or write for information, by addressing the Secretary, J. Dallas Shirley, 535 N. Pollard St., Arlington 3, Va.

Alumni are reminded of the placement service available to those seeking a change of employment. The Placement Office maintains active contact with employers throughout the United States seeking experienced personnel in all technical fields as well as in business, teaching, social service work, writing, and all types of research.

A large file of resumes on experienced alumni seeking relocation has also been established, and alumni are invited to use the placement service in locating qualified personnel to fill positions.

Inquiries concerning the placement service or the availability of applicants should be addressed to the Alumni Placement Officer, Student-Graduate Placement Office, 2114 G Street, N.W., Washington, D. C.

FIRST ALUMNI EUROPEAN TOUR RESPONSE FAVORABLE

Anyone interested in joining the European group alumni tour should make application immediately. The Tour leaves Idlewild Airport, New York, June 20, for 32 days (\$845). In addition to alumni, University faculty, staff, and students are invited to participate.

An option of 10 additional days for participating in either a Scandinavian extension planned for you (\$200) or one "on your own" is an added feature of the tour.

Since organizing the European tour, response has been so favorable that more commodious hotel accommodations may be arranged for those who desire them at a total of \$945.

Write now for itinerary and detailed information to Alumni Office, The George Washington University, 2000 H Street, N.W., Washington 6, D.C.
